

SAP/MS Dynamics NAV (ECTS 6)

WHY SAP/MS Dynamics NAV AT ZSEM?

This course is designed to develop the student's ability of introducing planning and management of ERP systems to become competitive, productive and flexible in time of global economy.

When selecting the ERP system to offer students the opportunity to introduce more detailed, ZSEM selected the SAP as one of the currently the largest software company in Europe and fourth largest in the world, and also the world's largest producer of ERP systems, and MS Dynamics NAV as the first and so far the only ERP (Enterprise Resource Planning) system for small and medium enterprises that have over one million user licenses in the world.

Since SAP and MS NAV are used from more than one hundred thousand companies, it is very likely that the students use it during their professional careers.

SAP and NAV are certainly a good examples where the students can learn basic functionality of the systems and try them.
